Press Release August 13th 2019

Heal your Heart Vaso-Meditech, and the International EECP/ECP Society (IEECPS) now offers a new advance Clinical Training course in EECP treatment application. The training program is now available in Chennai India at Vaso-Meditech Heal your Heart training facility.

The joint training certification was issued to Dr. Krishnaveni Kanason MBBS, of the Living Centre Sunaway Geo Avenue in Bandar Sunway Selangor state, Malaysia and Dr. Pradip Meghashyam Patil of Samamarth Hospital in Nagpur, India upon their completion of the Advanced Clinical Training Course. Both physicians were awarded the IEECPs and Heal Your Heart Official Certificates of Completion.

The Clinical Training Course developed and provided by Dr. S. Ramasamy, Director of VasoMeditech and a renowned researcher in EECP/ECP therapy over the past twenty years offers expert training in the application and delivery of EECP/ECP therapy.

The course includes modules designed to familiarize the participants with the necessary information to deliver safe, quality, and effective clinical results. They include discussions on cardiac physiology, physician orientation to the therapy, the equipment being used, achieving optimal augmentation through treatment orientation, and advanced clinical training for documentation and research.

Dr.S.Ramasamy director of the program said that training to provide proper treatment should be an integral part of any operational center. The quality of the counterpulsation center can be significantly enhanced by the training the physicians and therapist to follow systemic evidence-based approach.
